

# We breath Air Quality. We talk **LoRa**<sup>™</sup>

Smartlog is the first company to talk LoRa with Air Quality Sensors. Our battery powered Plug&Play solutions help creating value with data. We visualize your sensor data on our interactive Smartlog DASHBOARD.

## Parameters:

- Temperature
- Humidity
- CO<sub>2</sub>
- VOC
- PM2.5
- PM10
- O<sub>2</sub>
- O<sub>3</sub>

# LoRaAirQ

Air Quality in a smart way

## Gain actionable sensor insight through continuous analyzing
